Health Care Reform Impact Statements

Where the knowledge of benefits becomes the wisdom for business.

On March 23, the president signed the Patient Protection and Affordable Care Act, followed quickly by the Health Care and Education Affordability reconciliation Act. As the most extensive health care legislation our country has ever seen, it is already having far-reaching effects.

Whether you're a business owner, executive or individual health care consumer, it's important to understand how this legislation concerns you, your business and your employees. Major changes are expected to happen over the next five years and it's not too late to have a voice in how that takes shape.

Learn how this reform movement affects your current health care plan with a customized Health Care Reform Impact Statement that looks directly at your plan and identifies what, how and when your plan will be affected. This customized 7-9 page document will prepare you for the upcoming changes so you know what decisions will have to be made to keep your company in compliance and your employees informed.

Contact The Wilson Agency today for your complimentary, customized Health Care Reform Impact Statement.
